

(Annie enters and starts quickly packing things.) (1:40)

Annie:(Starts Crying) I should've never came here. This was a mistake. A horrible mistake. *(Leaves to go out door)*

Cersei:*(enters)* Annie! What are you doing with suitcase. Don't tell me your leaving so soon.

Annie: *(remains silent)*

Cersei: Oh my dear you are crying sit down. *(Olga seats Annie down)*

Annie: I thought that if I could tell him who I was then maybe I could finally let go of this doubt inside of me. I spent my whole life believing he was the monster my mother made him out to be. He's not though,he's kind and thoughtful and everything I dreamed he would be since I was a little girl. But it was selfish of me to try to take away what he has and now I'll only serve as a reminder of everything he's lost. It's better if I go, I have to go.

Cersei: You know I was a mother once.

Annie: Really

Cersei: Back in Russia i had many children. But when I forced to come to America I had to leave them all behind. I miss a lot of years with them while in America. But I would not have chosen to not know them. I don't know who it is you're afraid to face.Telling them who you are is better than spending whole life not knowing.

Annie: What if he rejects me? What if I was right and he wishes I'd never come at all. I don't think after all these years of being shut in the dark, I could handle stepping into the light only to realize the darkness was safer all along.

Cersei: Rejection is painful. Regret is far worse.

Annie: I wish I was as strong as you. But I'm not. Tell Charlie.. I'm sorry. *(Exits)*
