

*(A hospital room. Zoe lays in bed resting but not asleep. Charlie enters) (2:45)*

Charlie: *(A pause)* Zoe I

Zoe: *(Breaks into Sobs)* I lost the baby

Charlie: *(Goes to her side and holds her)* Oh my god.

Zoe: *(still sobbing)* The doctor said the fumes from the fire sent my body into shock which caused a reaction that internally cut the umbilical cord.

Charlie: Shhh Shh it's gonna be alright

Zoe: No No it's not. How is anything going to be alright anymore. This baby was the only thing keeping us together and now she's gone. And-

Charlie: She?

Zoe: Don't be mad. I know we wanted it to be a surprise but I couldn't wait. Not that it matters now but...

Charlie: A little girl. My little girl, She, she's gone. *(mumbling)* Annie.

Zoe: How dare you Charlie!

Charlie: What do you mean

Zoe: We just lost our child and you are thinking of your whore

Charlie: Don't call her that!

Zoe: Am I wrong! Please tell me I'm wrong. Tell me that while I grieve for our unborn child you're not thinking of someone else because I need you right now. Because I love you Charlie and I don't care if it makes me a fool to say that because I do. I love you.

Charlie: I love you too. I need you to believe me when I tell you that I never meant to hurt you

Zoe: Then Why'd you do it Charlie. Am i not enough, Am i not good enough for you.

Charlie: No No it's nothing like that it's just

Zoe: Just what? I know that commitment is scary and it's hard sometimes but I can't be some sort of retreat for you to fall back on when you decide your tired of your mistress.

Charlie: Annie's not my mistress.

Zoe: What?

Charlie: I never cheated on you Zoe. I only told you that because I thought the truth would hurt more.
